

PLAYPLACE, AMERICA

Parent Permission for Walks

On occasion, the children will depart from the center for a walk in the town of Havre de Grace. Because the children will be leaving the confines of the center, this is considered a field trip.

Infants and toddlers will be taken for a brief walk. The older children, 2 years and up, will take a longer walk (to the water, boardwalk, or library). While on the walks, the center is informed of where the children are going, approx. time of return, and are in contact with the teachers should any situation arise.

Please sign below giving your child permission to join the walks. If you are not comfortable at this time for your child to attend, please let us know, and your child can remain at the center.

My child has my permission to attend walking field trips with the staff members at PlayPlace, America.
